# COMPANY PROFILE

Since its inception in 2003 TH has been breaking new grounds by introducing exciting product portfolio, supported by well-established infrastructure built at par with international standard, having an edge over its competitors in terms of economies of scale and cost effective operations. TH Apparels is comprised of divisions, Apparels and Denim. Both Divisions is a private label manufacturer making international brands. We stand at an exceptional level, receiving customers' appreciations for consistency in quality of international standards with the state-of-the-art arrangement of Private label manufacturing through our own Manufacturing/vendors located in Karachi Pakistan close to 10 Minutes of drive from Airport.

## PRIVATE LABEL MANUFACTURING

We maintain high-level relationships with designers and factories both domestically and abroad. We have our own line of apparel, Denim, Home Textile and leather products. Our line of simple, classic, styles designed to go anywhere: office, outdoors or out on the town. You can add your own corporate identity to make our design your own. Additionally, we work closely with our clients to determine custom product needs. Our design and import team then creates completely customized memorable brand impressions. As well as having your own exclusive branded product, the additional benefit to using our design/import capabilities is that through advanced planning we can save your valuable budget dollars/Pounds/Euro.

## EVERY ORDER IS SPECIAL

TH experienced Special Order team prides itself on three key factors: Responsiveness, Creativity, and Timeliness. The team responds within 24 hours on all product inquiries. They source creative merchandise daily and focus on timely delivery of the customer's merchandise. We currently utilize a TH Preferred vendor list of approximately 100 suppliers that offer quality products with high perceived value. An TH Preferred vendor is one who has a proven track record of excellent customer service, efficient processes, timely shipment and cost effective, marketable products. By developing key strategic partnerships with vendors, TH can pass on substantial savings while exceeding our client's service/quality needs.

# PRODUCT DEVELOPMENT

The world of Fashion & trend does not conform to a weather beaten path. New ideas, new ways of dressing, new fashion codes and technological advances in fabric development are constantly on the move. And so are our product development teams. They work uncompromisingly to meet demanding lead times for developing prototypes with accurate styling, fabric and trim details.

# MERCHANDISING DEPARTMENT

Our professional and dedicated merchandizing teams work in accordance with the customer's requirement system and procedures. They are responsible for order management, market research for new products, development of customers and last but not least, providing our clients with timely information regarding new developments in the market

# QUALITY DEPARTMENT

Our Quality control people are a meticulous lot. Through focused and absolutely uncompromising in the matter of quality. They check all incoming and outgoing samples for accuracy of fabric, stitching details, colors combination and patterns. They make sure that the customer's specifications are followed implicitly. Members of the team make daily visits to factories to ensure that goods are being manufactured according to the specified standards.
